

HIMSS TENNESSEE CHAPTER

Connect With Changemakers at HIMSS21

HIMSS21 is the can't-miss health information and technology event of the year, where professionals connect for education, innovation and collaboration.

Starting this year, HIMSS21 will be offered both in-person and digitally—so everyone, everywhere can join together to be the change. **Join us on August 9-13, 2021 in Las Vegas, NV** as we reimagine health and forge paths to care for all.

Ready to pack your bags? We're planning the path to success and safety for all in Las Vegas. We'll be at the Venetian-Sands Expo Center, Caesars Forum Conference Center, and Wynn. Full conference registrations also include access to HIMSS21 Digital. [Register here.](#)

Can't join us in person? We understand you need choice and flexibility. Experience the action at home with [HIMSS21 Digital](#), a unique program with personalized learning and networking. [Register here.](#)

Chapter News

ICYMI: Executive Discussion on FHIR & Interoperability

A recording is now available of last month's Executive Discussion on FHIR and Interoperability, an event focused on how FHIR is improving healthcare interoperability and patient care. [Watch it here.](#)

Sponsor Spotlight

[Virsys12](#)

What services or solutions does your company offer in the health IT space?

Virsys12 has two SaaS applications listed on the Salesforce AppExchange (V12 Network and V12 Intelligent Provider Directory) for provider network management, credentialing, contracting, on-boarding, and ongoing data maintenance processes, with the ultimate outcome of an accurate provider directory. We also provide consulting and implementation services for our products and all Salesforce Cloud with a specialty in Salesforce Health Cloud, Service Cloud, and Community Cloud.

What do you see as the biggest value of being a TN HIMSS sponsor?

The education and strong network of healthcare knowledge seekers is a big advantage of TN HIMSS. We enjoy our collaboration with other like-minded healthcare technology professionals.

How has your company responded to COVID-19?

We are in the group of healthcare-specific partners capable of implementing Salesforce Vaccine Cloud for COVID vaccine management. Virsys12 also has expertise around patient engagement and patient contact center implementation of Salesforce Health Cloud and Salesforce Community Cloud for assisting health systems, driving patient revenue recovery initiatives, and getting patients back into facilities for elective surgeries. It has been a unique year, and technology has led the forefront of survival and accelerated growth for many of our clients.

How long have you been a TN HIMSS sponsor?

Virsys12 has been a TN HIMSS sponsor for three years.

What events have you previously sponsored, and which was your favorite?

We love to sponsor the TN HIMSS CIO dinner because it is an opportunity to have a dialog with industry leaders in a small and intimate group. We've also sponsored the annual holiday party and that is very fun as well. We are excited about the possibility to resume our in-person events with TN HIMSS soon.
