

HIMSS TENNESSEE CHAPTER

Explore the Now. Look to the Future.

April 18: Summit24

Join us for a full day of education and networking as we delve into the evolving healthcare landscape. We'll explore artificial intelligence, investment strategies, and what's ahead as we embrace another election year.

Investments in new technology and delivery models are rapidly increasing, with investors strategically building portfolios with impactful solutions. TN HIMSS brings together panelists and presenters to discuss these critical issues, providing a platform for innovators, practitioners, and technologists to drive Health IT innovation today and envision the transformative changes on the horizon.

We look forward to hearing from our Opening Keynote speaker, Stephen J. Konya III. Learn more [here](#).

⚡ WHY ATTEND? ⚡

- Gain a fresh perspective on market trends
- Get the latest views from healthcare leaders
- Hear about the latest innovations
- Gain a professional edge with educational opportunities
- Network with peers
- Obtain CEU credits

Franklin Marriott Cool Springs | 8 AM-4 PM CDT

The Latest from HIMSS

TN HIMSS Healthcare Executive Roundtable Meeting with U.S. Senator Marsha Blackburn

The Tennessee HIMSS Chapter hosted an exclusive healthcare executive roundtable meeting featuring U.S. Senator Marsha Blackburn in January. This event focused on Nashville's unique and pivotal role in the nation's healthcare system, with attendees sharing with Senator Blackburn, a member of the Senate Finance Committee, how Nashville and Tennessee-based organizations are driving innovation.

Sponsor Spotlight

What does WWT offer the healthcare industry, and what is its mission?

WWT is a \$20B+ IT solution provider headquartered in St. Louis, MO. Our mission is to improve health and wellness globally through technology. We aim to positively impact patient care objectives that providers strive to achieve. WWT Healthcare and Life Sciences Practice leads the industry in delivering a broad portfolio of services and technologies, ranging from modern infrastructure and cybersecurity solutions to transformative AI/ML and digital transformation.

What are the biggest tech challenges for healthcare organizations today?

We believe the greatest challenges are workforce shortages, cybersecurity threats, and the accelerating rate of technology development and improvement.

What do you hope healthcare organizations gain from your sponsorship?

We aim to bring the best available insights and innovation from across the healthcare industry and from other industries to the members of TN HIMSS.

What event are you most looking forward to this year?
